## Skills

- Advance ASP .NET Framework and ASP .NET Core
- Advance REST API
- Advance MVC
- Advance Entity Framework and EF Core
- Advance C#
- Intermediate JavaScript
- Intermediate SOLID Design Principles
- Intermediate SSMS
- Intermediate Html
- Intermediate TypeScript
- Intermediate Angular
- Intermediate DDD
- Basic Git
- Basic CSS
- Basic TDD
- Basic xUnit.net and NUnit
- Basic SQL
- Basic Node.js and NPM

## Tech Stacks

.NET Developer, Web developer, C#, JavaScript, Programmer, Asp.NET, web API, Azure Repos, Source Controller, Git, GitHub, MS Visual Studio, Visual Studio Code, Microsoft SQL Server, SSMS, ReSharper, Entity Framework, EF Core

## Education

**2020-08 - present**
**Software Development, Recognised as an Expert by Pluralsight**

*Accomplished the ASP.NET Core Web API assessment through Pluralsight company, achieving a commendable score of 84/100.*

**2017-01 - 2017-06**
**English Language, Level 1**

*The City of Liverpool College*

**2008-06 - 2010-12**
**Electronic Engineering, Bachelor**

*University of Tuyserkan*

**2005-01 - 2007-06**
**Electronic Engineering, Associate**

*University of Tuyserkan*

## Development Experiences

**possessed experience in customizing open-source e-commerce platforms, namely nopCommerce and SimplCommerce.**

**Developed console application in Amazon AWS, utilizing its powerful capabilities for data reading and writing operations.**

## Work Experiences

**2011-03 - 2016-06**
**Electronic Engineer**

*Ooj Gostaran Elevator Company, Tehran*

specializing in elevator manufacturing and design.

- Utilized hand-held computerized system to verify shipments and identify loads for re-packing and distribution.

References Available Upon Request.

## Courses

- **C# - Comprehensive Course**
- **Data Structures and Algorithms - Comprehensive Course**
- **Object-Oriented Programming (OOP)**

- **Model, View, Controller architecture pattern (MVC)**
- **Control Structures in C# - Comprehensive Course**
- **Interfaces in C# - In-depth Course**
- **Generics in C# - Advanced Course**
- **Delegates in C# - Comprehensive Course**
- **Exception Handling in C# - Comprehensive Course**
- **Dependency Injection (DI) - Advanced Course**
- **Inversion of Control (IoC) - Advanced Course**
- **Asynchronous Programming with C#**
- **SOLID Design Principles**
- **LINQ Entity Framework and EF Core**
- **ASP.NET Core Routing Middleware - Comprehensive Course**
- **Building Web Applications with ASP.NET and ASP.NET Core MVC using EF Database First, Code First and EF Core Code First**
- **Domain-driven design (DDD)**

## Volunteering

| | |
|---|---|
| 2016-07 - 2018-12 | *Piano Performances for Charity Concerts* |
| | Musical Performances and Volunteering: I had the honor of playing the piano alongside professional classical and jazz musicians in multiple charity concerts in Liverpool. Additionally, I volunteered to prepare the concert hall for these events, contributing to the success of these meaningful gatherings. |

## Hobby/Interest

In addition to software development, I enjoy:

Pet Care Enthusiast: Passionately caring for my cats and walking friends' dogs.

Fitness: Consistently attending the gym for an active and healthy lifestyle.

Socializing: Building meaningful connections with friends and new people.

Driving: Holder of car and full motorcycle licenses, seeking new driving experiences.

Coding: Constantly exploring new languages and frameworks.

Guitar Playing: Finding relaxation and creativity through music.

Motorcycling: Thriving on group rides with seasoned enthusiasts.

English language: Dedicated to continuous improvement.
